PET BOARDING

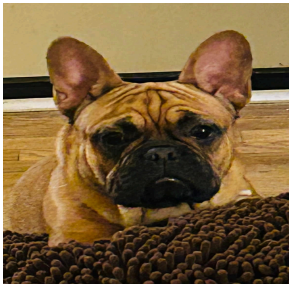

Vacations typically take time to coordinate and if you're anything like me, every detail matters. Packing, travel plans, hotel booking, site seeing. The memories made can last a lifetime! The best of all is when you can bring your fur friend with you! In the times you can't, we are here for you both. Our facility is set up to not only be cozy but entertaining as well.

We are equipped with suites, raised beds, toys, personal chewies. To help pets feel more at home we encourage you to bring bedding, toys, chewies, and/or accessories. We will wash if soiled, after 2 day stay, and/or before returning home. Doggie guests are pottied on a regular basis. Scheduling is made daily to accommodate all our fuzzy friends. We come in early to do rounds, feed (based on chart), and entertain. Our schedule allows us to stay late, to ensure a comfy stay. We have radio and T.V. on at all hours especially at night.

Play hours are intended to be upbeat, we have several spaces. Our first one is Happy Hut, a 12 by 5 ft suite. Times Square which is used for a playroom. We use our training floor, a 24 by 24 ft space, as a play time experience. Our 3 by 4 ft beds, Cozy Cone and Snug Bug are intended for naptime only. We also have our outdoor space which is a very good size, as a potty place. Spaces, belongings, and bowls are cleaned and sanitized regularly.

Shots and vet visits need to be current. To make sure our environment and pets are healthy. If pets look or act sick we will arrange for a quarantine and send home asap. All pets need to be both pet and human friendly. Even though there is "no dog-to-dog contact, we ask for safety reasons. There is a lot of human contact so that is a necessity.
